

Eligibility

In order to be eligible for the awards, applicants must first complete the IFP Global Alumni Survey. Please note that Alumni Award applications will be reviewed entirely separately from survey responses, with decisions made by an independent selection panel.

In addition:

- **Applications and all correspondence with IIE during the awards period will be in English.** Unfortunately, IIE does not currently have the capacity to accept applications in other languages. However, alumni may choose to conduct their activities in any language.
- **Awards will only be made to individuals.** An application may be submitted only by an individual; institutional or collective applications will not be considered. However, if a project represents the efforts of several individuals, one person must represent the group and complete the application form. Should such a group effort be chosen, the award will be presented to the individual representative. IIE will have no obligation to any other members of the group.
- **Alumni who receive an award will not be eligible to apply for IFP Alumni Awards in future years.** However, alumni who apply but *do not* receive an award will be eligible to reapply for IFP Alumni Awards in the future.

Selection Process

Selection will take place from April to June, 2015. Applications will be judged based on the following criteria:

- **The quality and feasibility of the proposal.** Preference will be given to applicants who provide clear, coherent and specific information about the activity that will be funded and how the funds will be used.
- **Potential for community impact.** Preference will be given to applicants who present a strong case for how the activity will benefit their home country or community.

The selection process may also take into account alumni home country, age, gender, or other criteria in order to ensure diversity among those selected.

It is anticipated that approximately 100 awards will be made, although, the actual number of awards will depend on the volume and quality of applications received and will be at the discretion of the selection committee.

Notification

Alumni who are selected to receive an award will be notified in July 2015 and will have until August 31, 2016 to complete their activity.
